## **A MATTER OF TIME**

**All people will know of TS  
...real soon.**

**No more bias, or reactions, ridicule, or pain.**

**Since we can see  
a much better life,  
for those with TS  
who live in strife.**

**Oh it's time,  
only time,  
Oh it's only just a matter of time.  
Of time...**

**Look what we've done working together  
...so far.**

**We've taken by storm  
laboratories, and the World-Wide Web.**

**TS is tuned  
on our TV's  
in books, plays, novels  
and in the movies.**

**Oh it's time,  
only time,  
Oh it's only just a matter of time!**

**Don't give up hope now.**

**We're getting so near!**

**When I walk out my door**

**And tic without fear.**

**As long as we've got people like you, you, and you.**

**We will succeed in all we do!**

**Even our schools look quite different  
...these days.  
Filling the halls are more advocates,  
more support that wasn't there  
...before.**

**Good times lie ahead!  
Congratulations to all (yeeaaaah)!**

**And since we can film  
Since we can train  
Since we research  
Since we explain**

**Since we can see  
Where TS will be  
...so soon (ohhhhH)  
In Time!**

**It's a matter of time.  
Oh just some time.**
